Subject: FP #18: An Update

Hi folks, Please be advised that I have found it necessary to update a couple of articles in the newly uploaded Fair Play, issue #18. Ron Hepler's article, "The Wounding of Governor John Connally," had some minor flaws in the HTML tags, so the accompanying graphics would not load. The problem has been fixed. The Joe Backes article on the June COPA conference was somehow truncated. The last few paragraphs have been restored and the article is now complete. Anyone who may have downloaded these items might want to go back and download them again. I apologize for the inconvenience. John Kelin-----Lickspittle, n. A useful functionary, not infrequently found editing a newspaper. -- Ambrose Bierce, "The Devil's Dictionary"
