**Subject:** I need your assistance

**Body:** Sydney:A while ago I asked you about two Ford Library documents, 178-10004-10392 (audiotape) and 178-10002-10324 (transcript of audiotape.) I never heard anything about 392, and I was told that 324 was in the consent database (what does that mean, exactly, in this case? Should it be at the Archives now?)Martha Murphy at NARA told an interested member of the public that the documents were postponed and never received from the Ford Library. Do you have any information at all about these items??Thanks, dear.Eileen
