Subject: Rockefeller Commission Doc.

Dear Eileen,I know you are only the messenger, and that there is nothing either oneof us can do about it, but why does the FBI need to review this document? To see if they already have it, or if they want a copy? I ask thisbecause the document is testimony by former DCI Richard Helms, and coversCIA operations, which was the point of the Rockefeller Commission.I was also wondering that, if this document is released, if I couldimmediately receive a copy from the ARRB. I do not want to wait for theNARA to take their sweet time making this doc. available.Please forgive the tone of this letter. The cynicism is not in any wayaimed toward you. Thank you for all of your help on this matter.Shawn M. Hanneman
