Eileen Sullivan: Hello. My name is Stephanie. I have to do an interview about JFK's assassination for one of my classes. I was wondering if you would be willing to answer my questions or have someone you know to answer my questions. Here they are: 1. person interviewed: 2. Where were you when you learned of President Kennedy's assassination? 3. What were your immediate reactions to the news? 4. What do you remember most clearly about the period of mourning and funeral? 5. What words would you use to describe Kennedy as "president"? 6. What words would you use to describe Kennedy, the "man"? 7. How would you rank Kennedy as president compared to D. Eisenhower, L.B. Johnson, Richard Nixon, Jimmy Carter, and Ronald Reagan? If you could answer these questions for me ASAP that would be great. Or have someone you know to answer these ASAP would be great also. Thank you for your time. Sincerely, Stephanie
