Hi David,I have just learned that the affidavit that I signed for your review board may be absolutely worthless. Could we set up a time and discuss this? It involves my having it notarized in Dallas, when Patsy Paschall took it from me to notarize it-and then had some other woman notarize it instead. I may as well tell you that when it comes to things such as affidavits-I am totally ignorant. I did NOT know anything about it having to be witnessed by myself when it is notarized. I knew nothing about this. Otherwise this would have never happened. Please, if you will, contact me as soon as possible, so I can clear this up with your review board. I would also like to ask you whether or not you accepted my advice and contacted both Richard Ducar, and Barry Plesces' brother Jack about my original drawing of that autopsy photograph which we saw in [Screened by: NARA RD-F on October 24, 2016 according to the John F. Please let me know either via telephone or email me at the email address. Thanking you in advance, Sincerely, [Screened by: NARA RD-F on October 24, 2016 according to the John F.
