Subject: Request for information

Body: Monday, November 17, 1997Dear EileenIt was great news to hear some months back that the life of the ARRBhas been extended. I and many others applaud your work on what I believe is the most crucial necessity - full disclosure on the assasination of President John F. Kennedy.I am wondering whether you are able to provide some information I amseeking. In his statement (I believe the memo was submitted to the Warren Comission and is part of the Commission documents) SARufus W Youngblood of the Secret Service Vice Presidential Detail,makes mention of being in possession of a "Shoulder strap DCN portable 2-way radio" which he states was switched to an inter-vehicle channel 'baker' for him and ATSAIC John and 'charlie' for theVice Presidential follow up car. I would like to know if transcripts of this communication exist and whether they have been, are orwill be available and if so how can I obtain a copy.Also do you have an international mailing list? If so I would like tobe on it. Please also foward how interested persons around the world can support ARRB in its work.You may email me care of: nccasyd@peg.apc.org. My snail mailaddress isCate Athas57 Rowley StreetSeven Hills NSW 2147Sydney Australia.RegardsCate
