Kennedy, announced today that it has acquired original handwritten notes on the interrogation of Lee Harvey Oswald taken by the late Dallas Police Captain who was in charge of questioning the alleged presidential assassin. This is the second time that the Board has obtained previously unavailable Oswald interrogation notes made by a law enforcement official. Dallas Police Captain J. W. Fritz, who headed the homicide and robbery bureau, was the primary interrogator of Oswald while he was in police custody from the afternoon of November 22 until the morning of November 24, 1963 when Oswald was killed by Jack Ruby in the basement of the Dallas police station. The Board recently acquired the notes along with other papers and photographs found after Captain Fritz's death in 1984. The materials had been in the possession of the donor, who wishes to remain anonymous, until they were voluntarily turned over to the Board last month. Captain Fritz's original notes on the Oswald interrogations add depth to the primary record
