**Subject:** Confirmation of received request

Dear Eileen  
Thanks for including me on your mailing list. Now, two things:  
1. Re: Handwritten notes on Oswald Interrogation. What is the procedure for obtaining copies of the notes and transcripts and is there a cost for this service? (I'm in Sydney Australia).  
2. Request for info on transcripts re: Inter vehicle 2-way radio channels 'Baker' and Charlie'. Along with my initial email request a few days ago to be put on your mailing list I also made a request for information regarding the possible existence of transcripts of any communications on the inter-vehicle 2-way radio between the Vice Presidential car and its follow up car as described by Secret Service Agent Rufus W Youngblood in his statement to the Warren Commission. As I've received the new releases and no mention of my request I am assuming you have passed it on to the appropriate person(s) and that I will receive an answer in due course. Is this the way it works?  
Thanks for your help!  
P.S. Hope you have a great weekend and as no doubt you all will be remembering President Kennedy this 22nd.
