**Subject:** Holiday party - music  
We are making arrangements for music at the holiday party. The theme will be: "A Hip Hop Holiday" We are tentatively planning on having three dance areas: the intern office will feature the music of the '70's; the public room will feature music of the '80's; and the main floor of the lobby will feature hip hop selections from the '90's. Please advise if you can: 1. bring in a boom box or similar stereo system that we can use. One with both a tape deck and CD player would be nice. 2. Bring CDs or tapes of music. We won't limit ourselves to holiday music. 3. If you have any musical requests.
