Subject: Robert Groden, etc.
Dear Ms. Sullivan,I received your email about three weeks ago in response to my email to you concerning the affidavit which I signed for the ARRB last year, while inDallas. In your reply you said that I would be receiving a letter in lengthconcerning this matter, and thanked me for bringing it to your attention. I realize I may seem a bit persistent, but am wondering if you could pleaselet me know the progress with finding the photgraph in question, which RobertGroden claims doesnt exist.I have recently been informed that Mr. Groden is now telling people that Ihave aplogized and admitted that I was wrong about seeing this photograph,and that anyone can call Rich Ducar and he will tell them this. A portion ofthis has been caught on video tape over the weekend of November 22 1997. Why haven't you people contacted Mr. Ducar? Is it psossible that Groden haspaid Mr. Ducar off?It was also stated by Groden that "The inventory is incomplete-and that someof the autopsy photos are/may be missing from the archives".This shouldn't be surprising, due to the fact that he showed us one thatisn't included in the inventory.For the record:I do not wish to be included in the same league as Harrison Livingstone-orANY of the JFK assassination "buffs". I am not a buff, researcher, or any ofthat stuff. I don't consider myself anything but someone who is interestedin the case to a small degree. Please, don't think that I am being hostile-Iam just fed up with this crap being told to people-when I saw what I saw-andit is what it is! And it was NOT that right superior profile autopsy photo.Please-will you-or someone contact me concerning the affidavit-and thesubject mentioned above ASAP? Included is my current phone number. You canreach me after 4pm weekdays, weekends most anytime. Thanks.Sincerely,[Screened by: NARA RD-F on October 24, 2016 according to the John F.
