Subject: Document Request

Hello All:I apologize for the bulk posting, but I'm short on time, inpreparation for finals.While in Dallas, a former Dallas PD officer (DPD 424) advised me tolook at the passenger manifests for Air Force 1 & 2, as well as theC-130 the Secret Service brought to Dallas. He refused to tell me*what* exactly to look for, but insisted that there is *something*amiss in those documents.If anyone knows where I can get copies of these items, I'd appreciateyour insight. If these come from your personal collections, I'llgladly pay for copies.I had intended to send this to Mr. Chapman and Ms. Ferrell, but, as Iwas looking down my list of addresses, I realized that others mayhave this material more easily accessible.Being in Northwest Kansas, a trip to the archives cannot be doneduring a weekend road trip, so your assistance in this matter wouldbe greatly appreciated.Sincerely,Brad Parker424 North First StreetAlma Swensson Hall - # 106Lindsborg, KS 67456-1899785-227-3380 ext. 11011502 Wyoming StreetGoodland, KS 67735-2448785-899-6353
