Subject: Fenton report/Gerry Hemming
Dear Martin:I recently was shown your September 1997 e-mail note, a note that you copied Judge Tunheim on, and I wanted to send you a quick message.We are reviewing this correspondence in which you discuss the 'Fenton report' and Gerry Hemming's 'Frenchy story'. With regard to the 'Frenchy story', we have concentrated our efforts on collecting records rather than recording recollections. Keeping in mind that our mandate is records, we have thought it best just to have people tell their stories in ways that they deem best. I hope you find this information useful and helpful to your efforts.Sincerely,Eileen
