Subject: WFAA

Martin,I've been told that it was WFAA, but can hardly verify it.In any case, you cannot be sure that "the only thing... deleted from 'TheKennedy Tapes' was duplication--otherwise, it's the complete footage forthe period covered..."After I published that passage a few years ago, I got a call from a man inDallas who told me several scenes from Dealey Plaza were shown only once,and never repeated -- and it really bothered him.Mili
