Subject: and yet another document-related request

Body: The same gentleman* would like to know the deal about document number 180-10085-10255, which relates to William Sullivan. According to our database, it is referred to the FBI.* I am annoyed by this particular citizen, who sends up to three requests a day, all in separate envelopes, and refers to us as the aArb. That's all.
