Subject: JFK: KENNEDY CRIME SCENE PHOTO

<http://cgi.ebay.com/aw-cgi/eBayISAPI.dll?ViewItem&item=10991872>>November 22, 1963> Dallas Police crime scene photo (original)>> After the Kennedy assassination, the Dallas Police Department>sprang into action,> concentrating their efforts on the Texas School Book Depository. In>their search of the 6th> floor they found the "sniper's perch." This crime scene photo,>taken and developed (and> marked) by the crime investigation unit, is the view south down>Houston Street from that> very window. It was taken only a few hours after the assassination>and is a very well known> photo to JFK researchers.>> This original 8" x 10" glossy print is from the collection of Sgt.>Wilson Warren, the desk> officer who booked Oswald. The picture is incredibly well>preserved. This could be just the> thing you need to frame and show to your friends. It's direct from>the Police Department> archives and the sort of thing that just doesn't turn up.>> This photo comes with a club membership card signed by Wilson>Warren to aid providence to> it's previous owner.>> Absolutely guaranteed original and in mint condition.
