**Subject:** Eileen!...Help!

Dear EileenHi. It's Cate from Sydney Australia...again!Please, please don't hate me but...one of my colleagues downloaded myemail today (Chariman Tunheim's letter), printed it off and deletedthe message. She is not sure whether all the message is there or not(it seems a fairly logical place to end the letter, but suspectsthere might be more).The last line was "on July 3, 1997, PresidentClinton signed a bill (H.R. 1553) into law that extended theauthorization of the Review Board until September 30,1998"I know you are busy and I know I'm a nuisance but if you can find itin your heart to resend it I would be truly grateful.P.S. It's great to hear the ARRB is on schedule. I've been a bit nervous about this as I'm sure others have but it's great news!Thanks again.Cate
