Subject: Letter from ARRB Chairman Tunheim
Eileen,I hope that the Chairman does not forget what happened with the HSCA.It too, faced a "deadline" and both the CIA and the FBI appeared morethan willing to procrastinate, while waiting for the HSCA to dissolve. This happened without these agencies forwarding a great deal ofpertinent information. Professor Blakey also spoke of "jointcooperation".Do you know of any provisions should the agencies start "draggingtheir feet "?If one is inclined to believe in a conspiracy which in any wayinvolved these two agencies, it would seem logical that any documentswhich might provide "proof" would be held until the last possiblemoment with the hope that the ARRB mandate would expire without theirrelease.I would certainly hope that such an event would not be allowed torepeat. Having the Chairman's word on this would certainly help me "...allay any lingering doubts...".Could you pass this on, please ?Sincerely,Edward C Dorsch, JrUnited States
