**Subject:** Press Release List  
I am looking for the ARRB web site in order to put our newspaper on the media list for releases of the review board. We are a weekly newspaper in Southeast Texas, in Beaumont, covering politics and investigative stories. We would like to keep the public updated on the work of the review board, and maybe put some of the information on our web site that should get cranked up in a couple of weeks. The URL will be theexaminer.com. Please get back to me. Jason Trahan examiner staff writer
