**Subject:** Bruce Adamson  
called about buying a copy of the Zapruder film, etc. He refused Eileen's voice mail, saying that he didn't want that because he had been waiting for her to get back to him for 6 months and he wanted the one in charge (he asked to speak to the Board Members and I explained that their offices were not here). He asked for Jeremy's e-mail address so he can e-mail a copy of the letter he is sending to Diane Feinstein (he explained to me that she was a senator!!) I gave him the e-mail address, stated that Jeremy was at a conference and would not receive that until late in the week, and put him through to Jeremy's voice mail.
