Subject: For the record.

Dear Eileen: Back in May, at David Dix insistance, we exchanged some email. I had an experience in Mexico City in 1963 which may prove relevant to folks investigating JFK's assassination. I have kept silent about it, fearing for my safety, but earlier this year decided it was time to "make it public" rather than take it to my grave. I have since provided the attached information to several people (including Dave Dix and Jon Roland), both of whom insisted that I transmit it to you. Although there is no documentation I can provide, other than photographs of the "safe-house", there is enough that can be corroborated by investigators that can shed additional light on the actors involved in the assassination. The address of the house in question, not mentioned in the enclosed attachment, is "Dakota 326" in Mexico City. When I figure out how to transmit the photographs to you in an expeditious manner (one that won't take two hours to upload), I will send them to you as an attachment. If there is any specific information you would like to add to your files regarding the present attachment, please let me know and I will gladly provide it. The only thing I would prefer to keep confidential is my home address, for obvious reasons. Sincerely, Charles Mazal - JFK-The Mexican Connection 5-98.doc
