**Subject:** Re: Jeremy Gunn resigns

To all,Jeremy Gunn was/is a great guy. The ARRB would not have been anywhere near assuccessful as it has been if someone else was doing the job Jeremy did. I think we should be extremely grateful we did not get someone like David Belin,or Wesley Liebler, or G. Robert Blakey. We got Dr. T. Jeremy Gunn, easily thebest of that lot.Dr. Gunn took a job, I believe, with the State Dept. I'll have to listen tomy tape again which I haven't had a chance to. I wish him all the best.He was not ousted, or fired. Don't listen to Ms. Pearl Gladstone. She's atwit.All of them have their resumes out as they have to find new jobs by October 1.I was there. I "broke" this sad news. Dr. Henry Graff offered a resolutionin praise of Jeremy and his work for the board, which was unanimouslyaccepted.Dr. Gunn also spoke very highly of the staff and particularly those who willgain new positions and responsibilities because of his departure.I think the entire staff crammed the little room they use for their openmeetings.Aside from Bob Clark, I think that was his name, a reporter now with ABC, whowas with UPI or AP, and to my surprise was in the motorcade, I was the onlymember of the public there. I gave him my address and phone number and I hopehe will contact me as I would love to interview him.On that note, some media people are approachable and will listen.I've met Mr. Clark and he was very nice. Deb, forget the last name, who wrotethe piece for AP on yesterday's release at the Archives spoke to me andMalcolm Blunt at Archives II the last time they had a release, May 13th. Theydon't really know the case and can be educated on what's important. As theywould say, 'What's the story?' I saw an envelope for her at the board'soffices awaiting someone to pick it up. I'm sure it was used for her story.Tomorrow is Dr. Gunn's last day. Wish him well.Joe
