Subject: release of documents
I have read from a Associate Press news story, The Oregonian, MondayAug. 3rd, 1998 about testimony of Dr. James Hume, Dr. J. ThrontonBoswell and others in the story. About request from Kenney physican,to burn autophy notes etc. Yet in your list of witnesses before theboard I do not see them list or their testimony. Why don't I see themand where can I get their testimony?
