Subject: Indigo Film Request

Hello Eileen! How are you? Thanks for your e-mail...glad to hear you are keeping busy! Congratulations on getting your name in the Washington Post last week! I was so proud of you! What a great story! You guys are really getting some good press! I did not get either of the recent press releases -- the one on the autopsy findings -- and the one on the bullet. Could you send those to me? Regular mail is fine. I was also wondering -- is it possible to get the staff report that the Review Board released regarding the autopsy? And how can I order copies of the photos that were released? Danny Spiegel at EXTRA told me they were able to order copies of the photographs. Believe it or not -- Todd and I are gathering all of this information because we think there might be enough info to do a follow up show! It is probably a long shot -- but we do not want to miss out on any new developments between now and the end of September. Please -- if possible -- put my name on the list for a copy of the final report. Will that be available to the public? That's all for now -- just want to stay in the loop with you because I know the Board is coming down the home stretch. So -- keep in touch if anything exciting is about to be released -- and know that we want to hear about it! And what about the Zapruder film?! Any word on that?! Also -- before I forget -- we need to get a staff contact list from you so we can alert everyone to the air date. The History Channel told David that they are back to the November 22nd air date which would be perfect! But -- they may change their minds again -- so we will just monitor the situation and let you know as soon as it is confirmed. We are still hoping to have a screening at Archives II. Take care. Talk to you soon. Nan
