Subject: some help please
Hello, I was referred to you from a posting on a newsgroup. My question issimple. Can you give me any information on why two rather mundane {fromthe titles} documents are still postponed and restricted. Maybe they arenot and the search engine at the archives is behind. They arerecord#180-10108-10231, Agency file # 013912, and # 180-10108-10234,Agency file # 013915, both pertaining to Lee Oswald and Wes Wise andKRLD. If they are restricted, why do you think? Thanx in advance, Leo- - smime.p7s
