Subject: Hi there.

Eileen,I just finished your Chapter 2, and given that you have been so worried aboutit, I wanted to write immediately to tell you that your writing is great. TheONLY problem with Chapter 2 is that, as Jeremy originally conceived it, it hadtoo much stuff thrown together.If it is okay with you, my big idea (I'm going to start cutting and pastingany minute now) is to make Chapter 2 be exclusively about our -- well, YOUR --public outreach. Then, I'm thinking we'll create a separate chapter that willdescribe the Board's start-up and have it be about two things: (1) the delayin start up and need for new legislation (your language pasted into newchapter) and (2) defining assassina-tion record.So! Thank you, thank you, thank you. You did excellent work.-)Laura
