Subject: Quick Question
Eileen,I am sorry to bother you, I know the question I need answered isn't"your turf", but yours is the only e-mail address I have.On August 4th I mailed the ARRB a check for the medical documents. I have not received them and the check hasn't cleared thru my bank and so I'm wondering if my request was lost in the mail or something. Could you pass this note to the proper person and have them check for me?One additional point . . my ISP recently crashed and I had to get a new provider, so my e-mail address has changed. I was receiving your notices by e-mail. My old address was kathy@praxis.net. Is it too late to have that updated to kathyc@oasistech.com?Thanks so much!Kathleen A. Cunningham
