Hello Eileen! How are you? Just wanted to make sure you don't disappear from the Review Board before you give me your home phone number. I don't want to lose track of you! I saw Henry Graff on the news being interviewed about the Clinton affair-- I only caught the tail end of the interview but I sure recognized his face! Did you see it? Still no word on the JFK air date but the The History Channel is dragging their feet about approving a screening at the Archives! We are still lobbying, but I am not getting my hopes up. I guess we will have to have our own private party! That's all for now....keep in touch...nan
