Subject: Collect Phone Calls
Body: With requests coming from Horne, Montague, Gunn, etc. to accept collect phone calls from numerous people, for those of us not usually working the receptionist's desk it is impossible to remember all these names if we happen to be covering the front desk for a short period of time. So I have asked that Janice keep a list of those names posted at her desk.Also, when I made this request due to Doug's list of four names this afternoon, I discovered that Janice is not on the ADMIN list so she didn't even get the message. I have asked Chet to fix this.
