**Subject:** Postage Meter

**Body:** The postage meter is dieing a slow death. A new meter has been ordered and should be here in a day or so. In the meantime, we need to record any postage that is run on the machine. Janice has taped a piece of paper to the meter for this purpose. If the machine fails, we must know how much postage is left on it to transfer to the new machine so it is extremely important to remember to record your transactions. Thanks.
