Subject: Annual Report

For the section of the report dealing with suggested legislative action, please consider what we might include. We should at some point raise the issue of what needs to be done in a "post-board" world, and I think the report is an appropriate venue. Perhaps we should call for (or draft) legislation that would assign to the Archives the responsibility of executing the Board's determinations after we go out of business and for overseeing other aspects of the Board's possible "unfinished business." Let me know what you think.
