**Subject:** Cuba update  
I asked Eric run a check of all books published since 1995 re: Cuban-American relations. He gave me a list of all 927 books regarding Cuba published in that time period, of which there were perhaps 5 or 6 that might have been useful for our purposes. To this point, he has obtained two (the others are at other libraries or whatever), which I have begun to review. It does not initially appear, however, that they will be of much use for us.
