Subject: Bay of Pigs stuff

Body: Jeremy, I looked through the three books you gave me, as well as several others we have, and through some of our databases. I have highlighted Bissell's cite of the Dulles report; according to Bissell (as of 1996), the Kirkpatrick reoprt and Bissell's rebuttal have been hidden away for years and he hadn't even seen them in some time. As for Taylor, while I see his report alluded to in several works, none actually cite the report in footnotes, leading me to believe that their cites are based on interviews with people who read the report.
