Subject: JFK Library

I spoke to Megan Desnoyers about the planned trip to the Library. They have been working steadily on systematic declassification. She now believes there is less material for us to review than originally anticipated. Apparently they have opened a large number of records since January. She and Stephanie are working to update our punch list and plan to have an update to us by the third week in April. (They have the Hemmingway symposium April 7-11 and are swamped until it is over.) Megan believes that the updated punch list will give both of us a much better estimate of the work still to be completed and the amount of time and number of people necessary to complete it. We have tentatively set the week of May 5th for the ARRB trip with the week of May 19th as a backup. The week of May 12 is a possibility. June is also a good month for them if necessary. I also asked Megan about Jackie's papers. The children disclaimed approximately 11 feet of papers which now belong to the Library Foundation and have not yet been deeded. Megan has a box list and says there appears to be nothing assassination related with the exception of VIP condolence letters (most of which are highly personal). The great majority of the papers deal with the White House restoration. The plan is to open all of the papers by May 29 with the possible exception of the condolence letters. The screening committee has the papers at the moment. Megan also asked if there are additional RFK papers that you wish to examine which are not on the punch list? As Megan and I continue to negotiate a time for the ARRB trip, could you please check your schedule and let me know if there are any dates/periods to avoid?
