

MEMORANDUM

February 5, 1996

To: For the file.

From: Robert J. Skwirot

Subject: Final Determination Forms, December documents.

Due to unilateral releases by the CIA, two documents- 104-10015-10090 & 104-10015-10060 - now contain fewer postponements than cited in the Federal Register Notice. The Final Determination Forms reflect the current status of the documents.

Two other documents- 104-10015-10035 & 104-10015-10414 - have postponements where two digraphs which appear on the same line were treated by the Board as part of one redaction. The Final Determination Forms have been composed according to that action.
