

Questions for Gaeton Fonzi

Joe Freeman has informed me that he is not aware of any Gaeton Fonzi's investigative working files that are included in any HSCA collection (security classified, numbered, etc.)

Check cites on HSCA report for Fonzi memos. Check HSCA collection for memos.

Files on interviews with LTC Ruben Carbajal and Bob Walton, which may shed light on the David Morales angle. Both Carbajal and Walton claim that Morales, in a drunken confession, stated that "we" took care of President Kennedy. (Chapters 43, 44, The Last Investigation.)

Are you currently in possession of the files related to your work for the Schwieker JFK Subcommittee of the Church Committee?

How did you initiate contact with Col. Sam Kail? (Veciana stated that it was Kail who referred him to Maurice Bishop).

Are you willing to reveal the identity/provide further information on Veciana's and Bishop's "intermediary" you discovered in Puerto Rico?

Fonzi interviewed Arlen Specter (pg. 18) Specter may have tapes of interviews.
