Dear LTC Bisacre:

It is with pleasure that I forward to you the enclosed letters of commendation for the numerous personnel on the Investigative Records Repository staff who have materially assisted the efforts of the Assassination Records Review Board the past 3 years.

The list of names for the enclosed letters was carefully coordinated with Elaine Rogic, Chief of the IRR.

Thank you, again, for the exemplary cooperation that the Investigative Records Repository has extended to the Review Board staff.

Sincerely,
