To: Ms. Mary B. Ware, Investigative Records Repository (IRR)  
From: Chief Analyst for Military Records, Assassination Records Review Board  
Subj: Letter of Commendation

1. It is with a deep sense of gratitude that I wish to relay to you, on the behalf of the Board Members and all of the members of the Military Records Team at the ARRB, our sincere appreciation for the hundreds of hours you have expended in processing IRR case files for release under the terms of the JFK Act.
2. The JFK Records Act of 1992 directed agencies to release, to the maximum extent possible, records designated by the Act or by the Review Board as "assassination records," by placing them in the new JFK Records Collection in the National Archives at College Park, Maryland. You have labored diligently and cooperatively with the members of the Military Records Team on the Review Board staff for over three years now in support of this mandate, and together we have successfully met this goal. Through actions such as yours which have opened up records previously unavailable to the public, you have materially assisted in helping to restore the trust of the American people in the institutions of government. I commend you for your perseverance, attention to detail, and professionalism in this exacting task.
3. Congratulations on a job well done!

Sincerely,

D. P. Horne
