Mr. Roland J. Zavada

Pittsford, New York 14534

Dear Mr. Zavada:

I am writing you to express the sincere and grateful appreciation of the Review Board for the comprehensive, and if I may say so, outstanding report on the Zapruder film (and other issues) that you have been working on for the past two years, on our behalf.

Your report will be a major contribution to the public's understanding of what is perhaps *the* pre-eminent assassination record, Mr. Zapruder's 8 mm home movie of the assassination of President Kennedy. It will be carefully studied for years, and will be one of the enduring legacies of our Board, thanks to the generosity of the Eastman Kodak Company, and your professionalism, perseverance, and attention to detail. I know that you have literally put thousands of hours of work into this project.

As a result of your dedication, impartiality, and scientific interest in this subject, you have made a major contribution to the American people's repository of knowledge about this tragic event in American history.

Congratulations on a job well done.

Sincerely,

John R. Tunheim
Chair, Assassination Records Review Board
