

CIA Records

OSWALD 201 FILE

4343 Records in the collection

After Agency review (under JFK Act standards):

57% open in full

43% contained redactions

After Board review:

79% open in full

21% contain Redactions

The Board opened 50% of the originally redacted documents in full and dramatically reduced the number and extent of redactions in the remaining records.
