RE: Church Committee documents at NARA - Box 28, Folder 1
FILE NO.: 4.21.5 (Church Committee records at NARA)

I did not find much that would be new to the ARRB from this folder as I am sure many of these documents are already in our files. This folder contained many FBI documents which are noted below.

There were redacted and partial copies of Fain's 7/6/61 and 9/4/62 reports on Oswald, three pages of a 9/10/63 Hosty report and a restricted 9/24/63 FBI report from the SAC in New Orleans. The files also contained the 7/10/62 Fain report and the 10/31/63 Kaack report. The folder also had a complete 7/3/61 Fain report.

There was also a file on an investigation in 1960 of the Albert Schweitzer college.

The folder also contained a 9/1/61 FBI document that was a review of passport files on Oswald.
