TO: Jeremy Gunn  
FROM: Eric Scheinkopf  
RE: CIA Office of Security Files on Giancana, Roselli and Maheu  
FILE NO.: Church Committee 4.0.1.4

This memo from a Church Committee staffer deals with this person's examination of the Office of Security files on the gambling operation figures - Giancana, Roselli and Maheu. Committee staffer Postal says in the memo that Director of Security Osborn "has testified to the existence of a soft file" which Shef Edwards kept in his own safe that had contained about 10 documents relating to what I assume is the gambling operation.
