RE: Church Committee Reports - Box 36, Folder 3 - Lawrence Houston testimony of 8/12/75

FILE NO: 4.0.2 Houston

This file did not contain much information relevant to the Board's work. There is a discussion regarding the contact Houston had with the INS on Roselli and the question of a delay in Roselli's deportation. Another issue discussed was the issue of whether or not to disclose a case to the Justice Department.
