

MEMORANDUM

June 30, 1997

To: David Marwell
cc: Michelle Combs

From: Eric Scheinkopf

Subject: Attached March 13, 1997 letter regarding NARA actions on old State Department records

On March 7, 1997 you sent, at my suggestion, the attached letter to Henry Wolfinger at NARA regarding a request for information relating to certain State Department records that Michelle and I thought might have information relevant to the ARRB's mission.

After looking at the reply from NARA, Michelle and I determined that these record schedules were not pertinent to the ARRB's mission.

This memorandum is written for purposes of closure regarding this particular matter.
