RE: Summary of Church Committee staffer interview with Henry Peterson - Box 40, Folder 2

FILE NO.: 4.0.2 (Peterson)

The most interesting fact I found in this summary of an interview with Henry Peterson was the mention of a memoranda from the Department of the Army, Security Division, that was in the Justice Department's Organized Crime division file on Giancana. According to Henry Peterson, this may have been a response to Justice Department inquiries made early in 1961 in an effort to "coordinate" all investigations on Giancana.
