Dear David:

We would like to thank you again for your participation in our Experts Conference. We are very appreciative that you and the others took time out of your schedules to help us with the important issues that were raised.

We were very pleased to finally meet in person the author who helped get us hooked into this very interesting case.

If you have had or are having any difficulties with your vouchers or honorarium, please call one of us or Tracy Shycoff, our Administrative Officer.

Thanks again for your participation.

Sincerely yours,

David G. Marwell
