Russ Holmes Interviews/Action Items

Action items resulting from the two Russ Holmes interviews on 13 December and 20 December 1996 follow.

(From 13 December interview)

1. Contact Cleveland Cram (again?) regarding his review of James Angleton's files after Angleton left the CIA.
2. Examine (again) the Office of Security files for Richard Snyder and John McVickar. Request additional files (if any exist).
3. Request Project Files on technical surveillance in Mexico City (Marr will cover in CIA Req 16)
4. Request Scott Breckenridge report on Photo Surveillance of Cuban and Soviet installations which Holmes believes exists. (Marr will cover in CIA Req 16)
5. Verify Anne Goodpasture's recent revelation that a tape had been set aside? R.H. was adamant that she was not telling the truth or "misremembering."
6. Check existence of Mary Myer Diary? How did Angleton get diary?
7. Find out when Office of Security file on LHO was opened.
