

## MEMORANDUM

### By Facsimile

January 24, 1996

To: Steve Tilley, NARA

From: Joe Freeman, ARRB

Subject: Document Request

Doug Horne and I would like to come out and peruse huge numbers of documents, as listed below. The documents are mainly DOD-generated or DOD-referred. There's also a batch of NASA-related documents. We'd like to confirm the referred, open/non-open status of the documents before the ARRB mounts a concerted effort to clear some of the smaller mountains (non-FBI/CIA) of referred HSCA documents. We appreciate your assistance!

Would it be possible, while I'm out there, to get that unredacted copy of the DOS Warren Commission document we've been talking about?
