Re: DOS Review of House Select Committee on Assassinations (HSCA) Record
Number 180-10106-10492 in Accordance with John F. Kennedy Assassination
Records Collection Act, 44 U.S.C. §2107

Dear Nina:

In our ongoing efforts to review documents in the HSCA collection, we have identified the enclosed record as having been referred to the Department of State by the National Archives and Record Administration (NARA).

The NARA-generated Record Information Form (RIF) for record number 180-10106-10492 indicates the document is open in full, but there is a withdrawal slip attached to the RIF in the public JFK collection at NARA II. According to NARA's RIF, this referred document is unclassified.

If possible, our Board would like to review this document at its meeting on March 18, 1996 -- along with the other three Department of State documents referenced in my letter of February 6th. If the Department wishes to present evidence on behalf of proposed postponements in this record, I would appreciate it if the Department could provide such evidence not later than March 11th.

Should you have any questions, please don't hesitate to contact us. Thank you again for your cooperation.

Sincerely yours,

David G. Marwell

Executive Director
