Also, Bob of our CIA team has asked me to check the document described in the attached RIF. Since finding CIA documents out at your place is a mystery to me, I am faxing you the RIF rather than trying to describe it to you.

Lastly, I need to look for a Dallas newspaper article that may be in the HSCA Press Clippings record series. If these clipping are in chronological order (which I recall them to be) I need the box that would cover the March-May 1977 period. If they're not in chronological order, don't bother to pull all 16 boxes -- it's not that important.

Many thanks. I expect to be on the noon shuttle, arriving circa 12:45. See you later.
