

MEMORANDUM

To: Steve Tilley, NARA
From: Joe Freeman, ARRB
Date: May 30, 1995

In addition to my fax request of last Friday (5/26), Phil and Kevin have asked me to copy the following documents:

1- the official FBI report to the Warren Commission (blue cover), submitted 12/9/63, which Kevin says he talked to you about at the end of last week, and which he says is in the Secret Service collection (I just need the report itself, not any appendices or exhibits);

2- FBI HQ file 44-24016-1829; Phil says this a lengthy report, much of which is postponed, but there are several pages of the non-postponed portion of the report which he would like me to copy.

Depending on the length of a staff meeting scheduled for 10:00 AM, I will be on either the 11:00 AM or noon shuttle.

If there are any problems with this or Friday's request, please let me know.

Thanks again.
